

## **Effective Differentiation - Secondary**

**Facilitator: Jennifer Machaj**

A one day programme that explores and develops practical strategies to accelerate progress and attainment across the curriculum, providing ideas, resources and approaches that maximise learning within the classroom.

**Objectives:**

- To deepen our understanding of differentiation and identify effective current practice
- To extend knowledge about the most effective differentiation strategies
- To develop a range of practical techniques that can be implemented in the classroom.

The programme will focus on the following key techniques:

- Structured Learning
- Groups
- Challenge and Support
- Refining Learning
- Assessment and Feedback

This programme provides the opportunity for you to reflect on current practice whilst sharing new, inspiring and engaging strategies, that will greatly impact upon pupil progress and attainment. You will leave the programme with a wealth of ideas to implement within the classroom that will excite both you and your learners.
